

PROFESSIONAL RECOMMENDATION

To Whom It May Concern,

I am pleased to recommend Gábor Horváth, who worked as a Security Systems Engineer in the Security Technology Department of MTVA's Security Office from 1 June 2024 to 3 September 2026.

In this role, he performed engineering and coordination tasks related to the operation, maintenance, and development of our organisation's security systems. His responsibilities included professional and technical work involving access control systems, video surveillance systems, and intrusion detection systems.

He also contributed to security technology developments and projects, liaised and cooperated with suppliers and external partners, and prepared and maintained the professional documentation associated with his assignments and projects.

Gábor carried out his duties accurately and professionally, in compliance with all relevant technical and organisational requirements. His work was characterised by reliability, a strong commitment to following procedures, and a cooperative attitude.

Throughout our time working together, he maintained effective professional relationships with his colleagues, managers, and external partners. He approached his assignments collaboratively, applied his professional knowledge and experience appropriately, and sought expert support whenever necessary. During his employment, Gábor performed his security technology duties responsibly and professionally.

Based on the above, I am pleased to recommend Gábor Horváth for a position as a Security Systems Engineer or for a similar technical role.

Yours faithfully,

Budapest, 2026.september 16.

Péter Répási
Team Leader
Physical Security Systems Team
Security Directorate
DUNA Médiaszolgáltató
Nonprofit Zrt.
